# INTRODUCTION

Dear friends,

For 28 years, Ji.hlava has served as a hub for documentary film enthusiasts and since 2001, our Industry program has opened doors for professionals from the film world, offering a rich mix of educational, promotional, and networking opportunities. We have always been dedicated to fostering innovation and advancing the genre, which is what many of you quote as the reason for returning to Jihlava. Or maybe it is the festival's informal and dynamic atmosphere, which creates the perfect setting for unexpected yet enduring connections? Whatever the reason may be, we are happy that you join us in this endeavor!

The *Ji.hlava New Visions Forum & Market* this year will feature an exciting array of unique, author-led documentary projects at various phases of development, production, and post-production. Adding to the projects from Europe and the United States, we will this year spotlight also on the most promising projects from East & Southeast Asia. During the collective feedback that will follow the presentations, we will focus on securing financing and distribution opportunities for these outstanding projects.

The popular vinyl-style catalog features personal profiles of the eighteen *Emerging Producers* who will join over 200 program alumni from the past twelve years. You can meet this group of outstanding film professionals in Jihlava at the Emerging Producers 2025 presentation.

We have consistently kept a close watch on developments in our neighboring regions, particularly the Visegrad area, which unites Czechia with Slovakia, Hungary, and Poland. This year, we introduced *Visegrad Open Sessions*, offering an informal platform for filmmakers from the region to discuss their needs, aspirations, ideas, and challenges. At other occasion, we will hear the plans presented by the representatives of the respective national film institutes.

The *Ji.hlava Academy* will gather dozens of inquisitive filmmakers for a one-of-a-kind creative lab, while festival representatives will reunite at Ji.hlava for the traditional *Festival Identity* workshop. This year, we will collaborate to explore strategies for reaching and engaging new audiences.

This year's industry program offers a wide range of other events, including presentations, panels, masterclasses, discussions, and more. *The Matchmaking Accelerator* will connect you with a multitude of film professionals, while the Inspiration Forum will spark fresh ideas with insights from figures across various fields. Finally, the *Conference on Ethics in Documentary Filmmaking* will tackle important issues affecting the entire film industry.

We invite you to jointly develop new bold projects, meet the up-and-coming filmmakers and discover new talents, engage with the great audience, and connect with inspiring figures. We hope you thoroughly enjoy the 28th edition of the Ji.hlava IDFF!

Jarmila Outratová,

*Ji.hlava IDFF Head of Industry*
